

**REMARKS/ARGUMENTS**

Restriction to one of the following inventions is required under 35 U.S.C.121:

- I. Claims 1-11, drawn to an audio player, classified in class 700, subclass 94.
- II. Claims 12-22, drawn to a method of displaying text corresponding to an audio file on an audio player, classified in class 715, subclass 728.

5

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as combination and subcombination.

10 Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

**Response:**

15 The Applicant has consequently amended the claims in the above Amendments to the Claims section to elect the claims in Group I. Claims 1-11, drawn to an audio player, are elected as the subject matter to be examined in the present application. Claims 12-22 are non-elected and therefore cancelled. Examination of claims 1-11 is therefore requested.
